4. Company Registration Details:

Before entering your own products, complete the registration details.

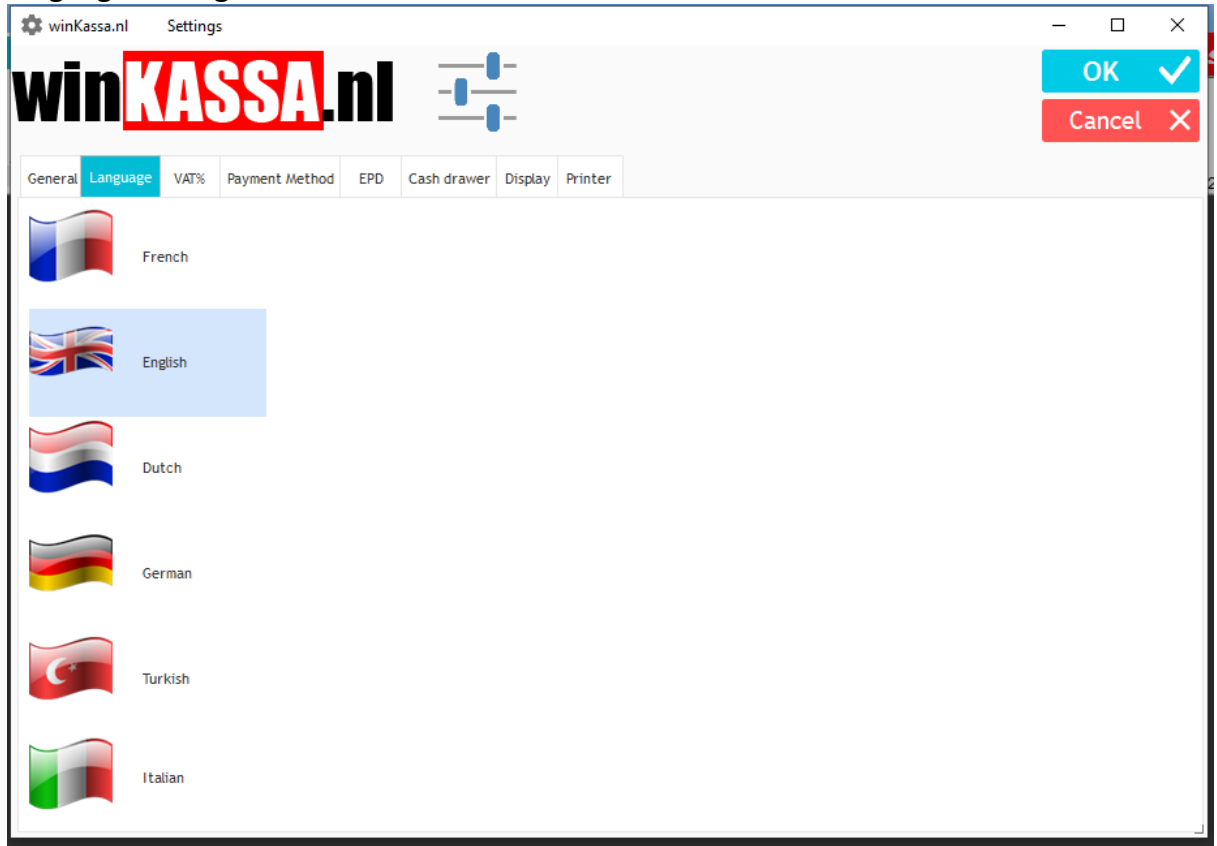

The screenshot shows the 'Registrant' window of the WinKassa software. The window has a title bar with standard OS controls. The main area features the 'winKASSA.nl' logo and a 'Select an image' button with a red 'G' icon. Below this is a tabbed interface with 'General' selected, followed by 'Fiscal', 'iWe', 'Bank', 'Place', 'License', 'User', 'Invoice', and 'Number'. The 'General' tab contains a form for 'WinKassa Software Licensed for;'. The form includes fields for 'Company', 'Name', 'Surname', 'Phone', 'Fax', 'Address', 'Post Code' (pre-filled with '2522LS'), 'City' (pre-filled with 'AMSTERDAM'), 'Mobile Nr:', 'Country' (pre-filled with 'Netherlands'), and 'Continent' (pre-filled with 'Europe'). At the bottom, there is a 'Header' section with a large yellow area for 'Invoice Header'.

1. Menu **1 – File**
2. **7 – User / Registrant**
3. Enter:
 - City
 - Postal Code
 - Country
4. Save using **F5** or **OK**

Reusable FREE version for 30 days!

POS cash register software by [ProKassa.nl](https://prokassa.nl)

5. Language Settings

1. Menu **9 – Extra**
2. **5 – Settings**
3. Open **Language (Tab 2)**
4. Select your preferred language
5. Save with **F5** or **OK**

Reusable FREE version for 30 days!

POS cash register software by [ProKassa.nl](https://prokassa.nl)

6. VAT (Tax) Configuration

- There is **no limit** to the number of VAT rates.

The screenshot shows the 'winKASSA.nl Settings' window with the 'VAT%' tab selected. The window has a title bar with standard OS controls and a 'winKASSA.nl' logo. Below the logo is a navigation bar with tabs: General, Language, VAT%, Payment Method, EPD, Cash drawer, Display, and Printer. The 'VAT%' tab is active, showing a table with columns 'TAX Rate' and 'VAT Label'. The table contains three rows: '0' with 'Verpakking', '9' with 'Laag /Food', and '21' with 'Hoog /Non Food'. To the right of the table is a 'Delete' button with a trash icon. Further right is a 'VAT Percentage' section with two checkboxes: 'Automatically change sales price' and 'Change group VAT rates automatically', both of which are currently unchecked. At the top right of the window are 'OK' and 'Cancel' buttons.

TAX Rate	VAT Label
0	Verpakking
9	Laag /Food
21	Hoog /Non Food

To configure VAT rates:

1. Menu **9 – Extra**
2. **5 – Settings**
3. **VAT (Tab 3)**
4. Enter:
 - VAT percentage in the left column
 - Description in the right column
5. Save with **F5** or **OK**

Reusable FREE version for 30 days!

POS cash register software by [ProKassa.nl](https://prokassa.nl)

7. Receipt / Ticket Settings:

The screenshot shows the 'winKASSA.nl Settings' window with the 'Cash drawer' tab selected. The window has a title bar with standard OS controls and buttons for 'OK' and 'Cancel'. The 'Cash Drawer Configuration' section includes a checkbox for 'Cash and Save button (Not Open Cash Drawer)', a 'Type Port' dropdown set to 'COM', a 'Port number' field set to '1', and a 'Bauds Rate' field set to '19200'. There are 'Save' and 'Test Port' buttons. Below this is a 'Ticket Header and Footer' section with two columns: 'Ticket Title / Header' and 'Bottom message'. The 'Ticket Title / Header' column has fields for 'Name', 'Address', 'Post Code_City', and 'Tel:'. The 'Bottom message' column has fields for 'Line 1 Bottom' and 'Line 2 Bottom'.

Ticket Title / Header		Bottom message	
Name		Line 1 Bottom	
Address		Line 2 Bottom	
Post Code_City		Line 1 Bottom	
Tel:		Line 2 Bottom	

7.1 Receipt Header

1. Menu 9 – Extra
2. 5 – Settings
3. Cash Drawer (Tab 6)

Ticket Title / Header

- Store name
- Address
- Postal code and city
- Phone number

Note: Store names longer than **20 characters** may not display correctly
(This limitation is removed in the Pro version.)

Bottom Message

- Return policy
- Social media links
- Custom customer messages

Save using **F5** or **OK**

Sales/Feedback

verkoop@prokassa.nl

8. Customer Display Settings

The screenshot shows the 'winKASSA.nl' application window with the 'Settings' menu open. The 'Display' tab is selected, showing the 'Customer Display Configuration' section. The 'Display Port Name' is set to 'COM1'. There is a 'Test Display Port' button. A checkbox for 'Activate VGADisplay' is present. The 'Customer Display Message' section shows a preview of the display with two lines, 'Line 1' and 'Line 2', each with a text input field. The preview also indicates 'Max: 2x20 Chr'.

Supported displays:

- Serial Display
 - VGA Display
1. Menu **9 – Extra**
 2. **5 – Settings**
 3. **Display (Tab 7)**
- Select the COM port connected to the customer display
 - Maximum **20 characters per line**

Example:

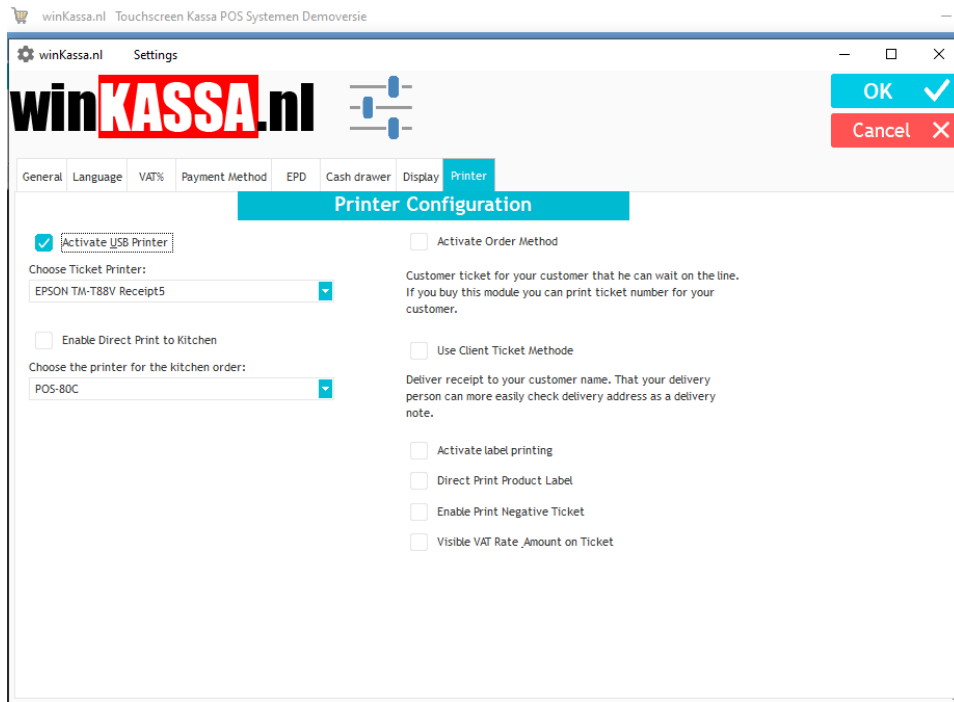

Welcome to
Your Shop Name

Save with **F5** or **OK**

9. USB Printer Configuration

Reusable FREE version for 30 days!

POS cash register software by [ProKassa.nl](https://prokassa.nl)

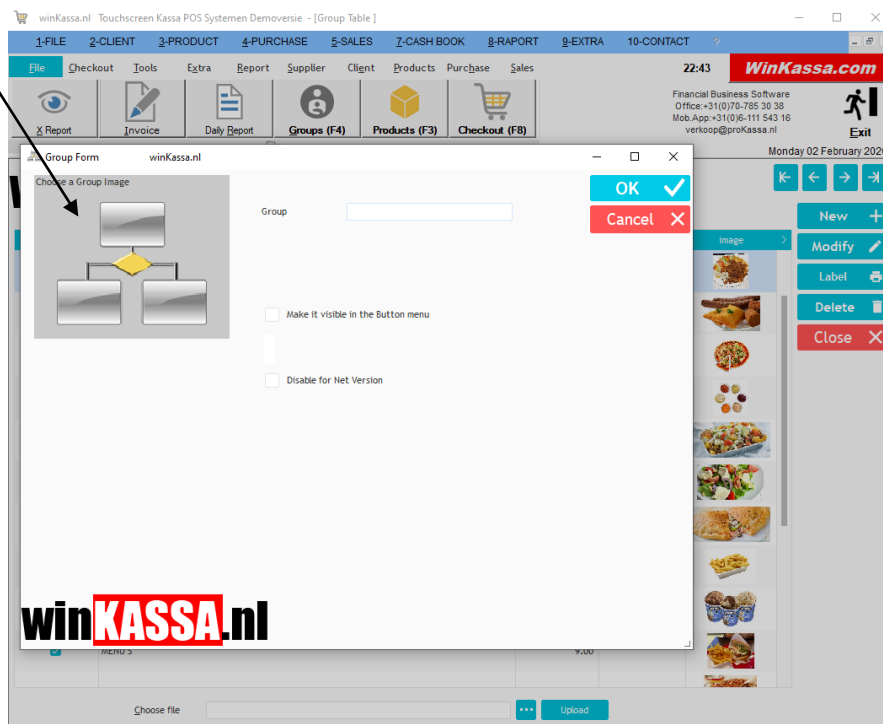

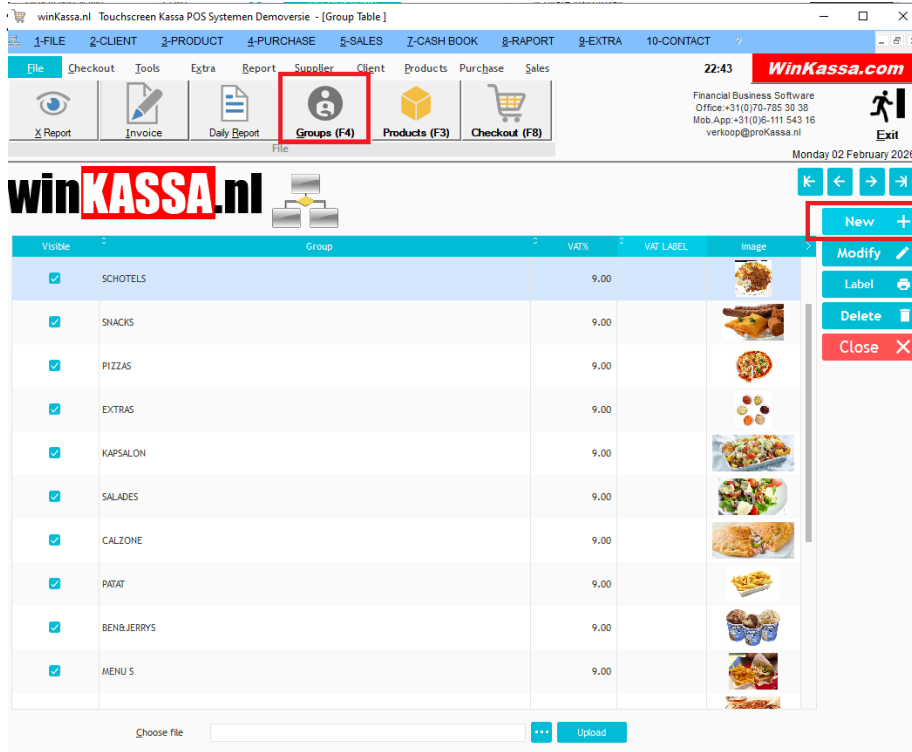

1. Menu **9 – Extra**
2. **5 – Settings**
3. **Printer / Display (Tab 7)**

- Select your USB printer
- Activate using **Activate USB Printer**
- To show VAT rates on receipts, enable:
 - **Visible VAT rate on Ticket**

Save changes with **F5** or **OK**

Reusable FREE version for 30 days!

POS cash register software by ProKassa.nl

1. Click the **Group** button on the main screen
2. Click **New** on the right
3. Enter group details

Reusable FREE version for 30 days!

POS cash register software by ProKassa.nl

For products without barcodes:

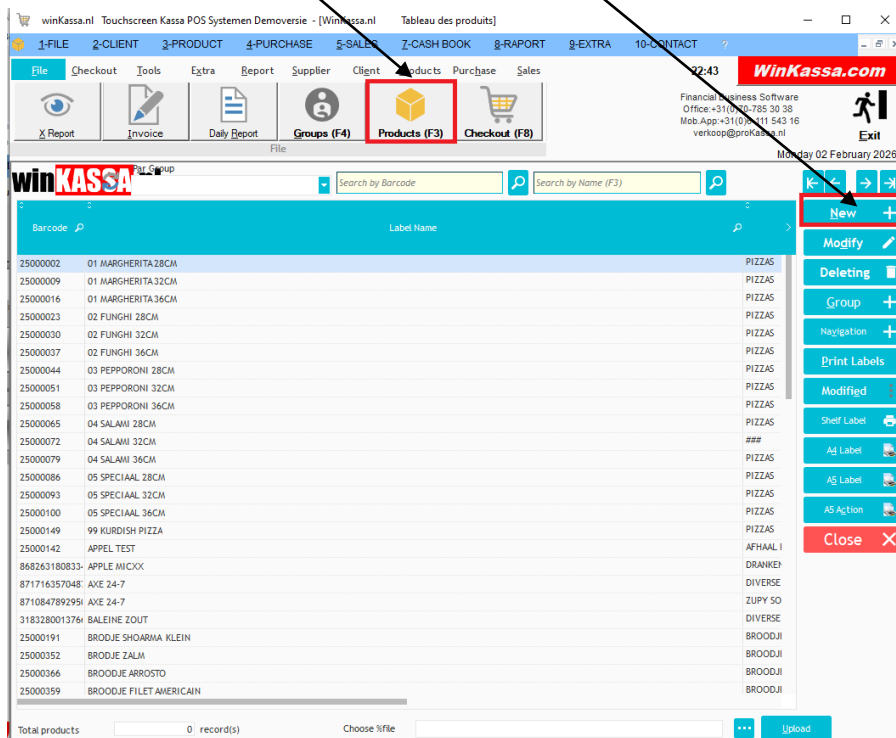

- Enable **Make visible in the button menu**

Add a group image:

- Click **Choose a Group Image**
- Select an image from your computer

Save using **F5** or **OK**

11. Product Table / Add Products

Reusable FREE version for 30 days!

POS cash register software by [ProKassa.nl](https://prokassa.nl)

1. Click **Product** on the main screen
2. Select **New**

Product details:

- Scan the barcode (it will appear automatically).
- Enter the product name/description.
- Select the product group.
- Choose a product image to create a button for products without a barcode.
- Press F8 or click on "Sales Price with TAX" to enter the VAT-inclusive price.

Bulk Import via Excel

- Import more than **50,000 products** without issues
- Contact support for assistance

P.S. You can create dedicated groups or buttons for large-size or heavy products to make the sales process faster and easier.

12. Sales Screen

13. Payment Screen

The screenshot shows the WinKassa payment interface. At the top, the status bar displays 'WinKassa.com', 'Ticket Nr : 260000000001', 'Balance', '€ 3.00', and 'Total 3,00'. Below this, there's a section for 'Received' with a value of '0.00'. To the right of this section are buttons for 'Invoice', 'Sales Order', 'Save', 'Print', and a '100 CASH' button. Below the 'Received' section is a table with columns 'Mode', 'Total', and 'Received'. To the right of the table are buttons for 'CE' (clear entry), a numeric keypad (0-9), and buttons for various Euro amounts (5 €, 10 €, 20 €, 50 €, 100 €, 200 €, 5 cent, 10 cent, 20 cent, 50 cent, 1 €, 2 €). Further right are buttons for 'VISA', 'PIN', 'BANK', 'Gift', and 'Resto Ticket'. At the bottom left, there are input fields for 'T.Discount %' (0.00%), 'Discount Amou' (0.00), and 'Amount After Discount' (0.00). Below these are fields for 'Amount' (0,00), 'Pay Back' (0.00), and another 'Received' field (0.00). At the bottom right, there is a 'Cancel' button with a red 'X' icon. The date '13/05/2026' is displayed at the very bottom.

- Select **Cash** or **POS/Card**
- Change is calculated automatically
- For mixed payments:
 - Enter cash amount first
 - Then select POS payment
- **CE** clears the current entry

Cash Button

- Use only if the customer pays the **exact amount**

Upgrade to the Latest Premium Version

We continuously improve our software to meet the growing demands of retail and hospitality businesses.

If you are currently using a Demo Version or an older release, we strongly recommend upgrading to the latest Premium Version to benefit from the newest features, hardware integrations, performance enhancements, and ongoing product developments.

Professional Premium Version

The latest Premium Version provides advanced functionality and professional integrations designed for retail stores, supermarkets, hospitality businesses, and multi-location environments.

Available Features and Integrations

Cash Safe / Cash Exchange Machine Integration

Support for external cash safes and automated cash exchange systems for secure and efficient cash handling.

Self-Checkout / Self-Scan POS

Integration with self-service checkout solutions, allowing customers to scan and pay independently.

Self-Order Kiosk Integration

Support for self-order kiosks in hospitality environments, with direct communication to kitchen and bar workflows.

Premium Features

- Advanced reporting and business analytics
- Extended hardware integrations
- Multi-user and multi-terminal management
- Real-time inventory management
- Customer display support
- Barcode scanning
- Digital price label integration
- Priority technical support
- Retail and hospitality functionality

Reusable FREE version for 30 days!

POS cash register software by [ProKassa.nl](https://prokassa.nl)

- Multi-location support

Performance & Reliability

The latest version includes ongoing improvements in:

- Transaction processing speed
 - System stability
 - Database performance
 - Hardware compatibility
 - Overall system reliability
-

Demo Users

Demo users are encouraged to contact us to receive information about **upgrading to the latest Premium Version** and unlocking all available professional features and integrations.

Suggestions & Feedback

We welcome suggestions, feature requests, and feedback to help improve future software releases.

Your opinion is important to us. Many of our improvements and new features are inspired by customer feedback. We appreciate your ideas and recommendations and encourage you to share them with us.

Looking for a Professional POS Solution?

For larger retail stores, supermarkets, hospitality businesses, multiple checkout points, and unlimited scalability, we recommend:

- WinKassa.nl
- WinRetail.nl

Key Features

- European scale integration (10+ brands)
- Cash drawer support
- Cash safe and change payment machine integration
